Office of the Representative-General  
and the President of the International Publications Committee

February 2007

*Beloved Sufi brothers and sisters in the Message,*

*At the occasion of this special 80th Visalat Day celebration, pilgrims from all over the world come to the holy shrine of the Master of us all, offering their devotion and gratitude to the memory of Hazrat Inayat Khan, whose historical proclamation known as the "Unity of spiritual ideals" has so deeply moved the hearts of thousands, over the years.*

*From far across land and sea, in the legendary City of Delhi, where the sacred Dargah of our Master of us all stands as a symbol of "Unity", beyond distinctions and differences, we are constantly reminded to hearken to the call which resounds in our hearts as celestial music, inspiring us onwards on the path, each time that we offer ourselves to that spiritual guidance which is ever present.*

*Eighty years have passed since our Master was walking on this earth, and yet his luminous presence appears as bright as ever before, shining as a stream of inspiration, silently guiding our steps, and helping us to discover the spirit of the Message in our time, which is gradually shaping human thinking in the direction of freedom of illusions, while venturing along the inner path of inner awakening, in attunement with the great Ideals of Love, Harmony and Beauty.*

*With all the love in our hearts from your brother and sister,*

*Hidayat and Aziza*
